

How to join The Bell Foundation webinar

The Bell Foundation webinars are run using a program called Adobe Connect.

The best way to access the webinar is to download and install the Adobe Connect software.

For Windows: <http://www.adobe.com/go/Connectsetup>

For Mac: <http://www.adobe.com/go/ConnectSetupMac>

If you cannot install the Adobe Connect application, you can join the webinar via a web browser, but it does not work well with Google Chrome.

Open your browser (Firefox is best) and paste the URL that we sent you. This will open the webinar login page.

Type your name into the field under *Guest* and click on the open room button.

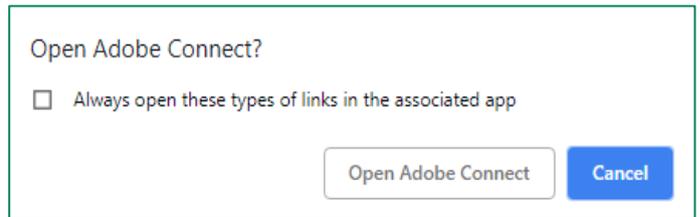

Welcome to this Bell Foundation webinar.
If this is your first webinar using Adobe Connect, please try to download the application on the next page.
Unfortunately, the webinar does not work well in Google Chrome. So if you cannot download the application and are using a PC, please open in Mozilla Firefox, Internet Edge, Internet Explorer or Opera.
If you are using a Mac, please open in Safari.
Alternatively, the webinar will work well on Android and iPhones.

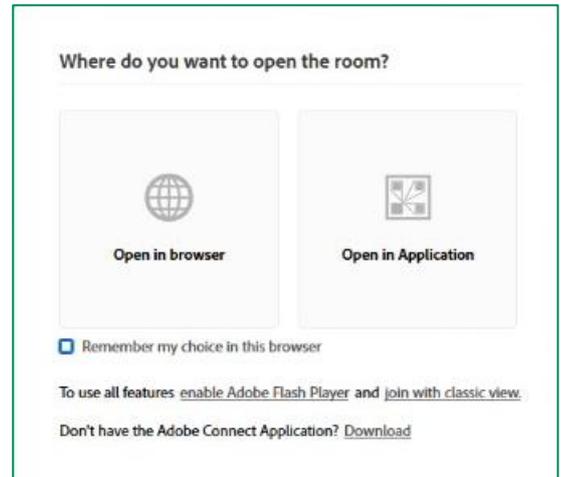

When you log in, the website will look for the application on your computer.

If you have it installed, you will see this:

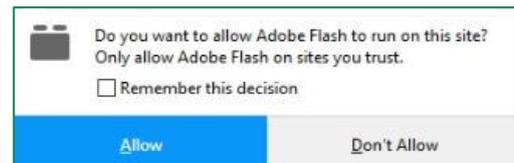

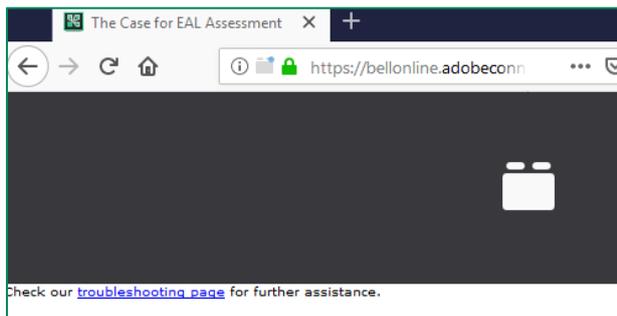

Otherwise, you will see this:

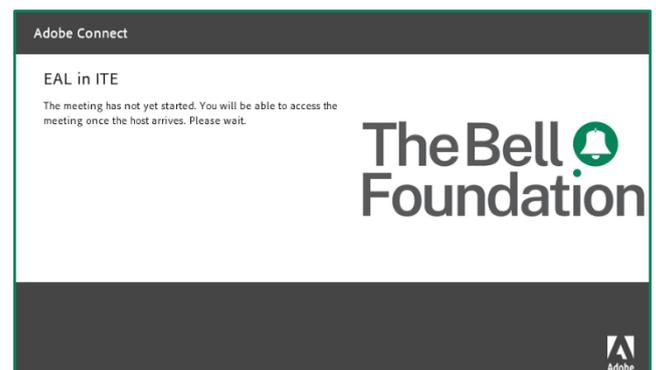

If you cannot install the application, click open in browser.

Attention: The browser version of Adobe Connect uses a web technology called Adobe Flash. Most browsers block Flash so you will have to tell your browser to allow Flash

In Firefox, you will see a block. You need to click on it and then click allow.

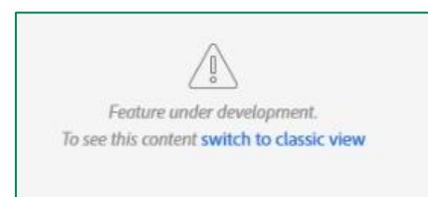

The next screen you see, will be similar to this one:

You will be able to enter the webinar room 15 minutes before the webinar is scheduled to start.

If you cannot see the presentation, then you may be using the 'new' version of Adobe Connect. Please click on the **switch to classic view** link and enable Flash.

If you have not used Adobe Connect before, we recommend that you try to log in 15 minutes before the webinar starts so we can help you get connected.
